

Определи дерево по листу

Подготовила
мастер п/о Лир
Мария Михайловна

A close-up photograph of several birch leaves. The leaves are green with prominent veins and serrated edges. Some leaves show small, dark holes, likely from insect damage. The background is a soft, out-of-focus green.

ЛИПА

ТОПОЛЬ

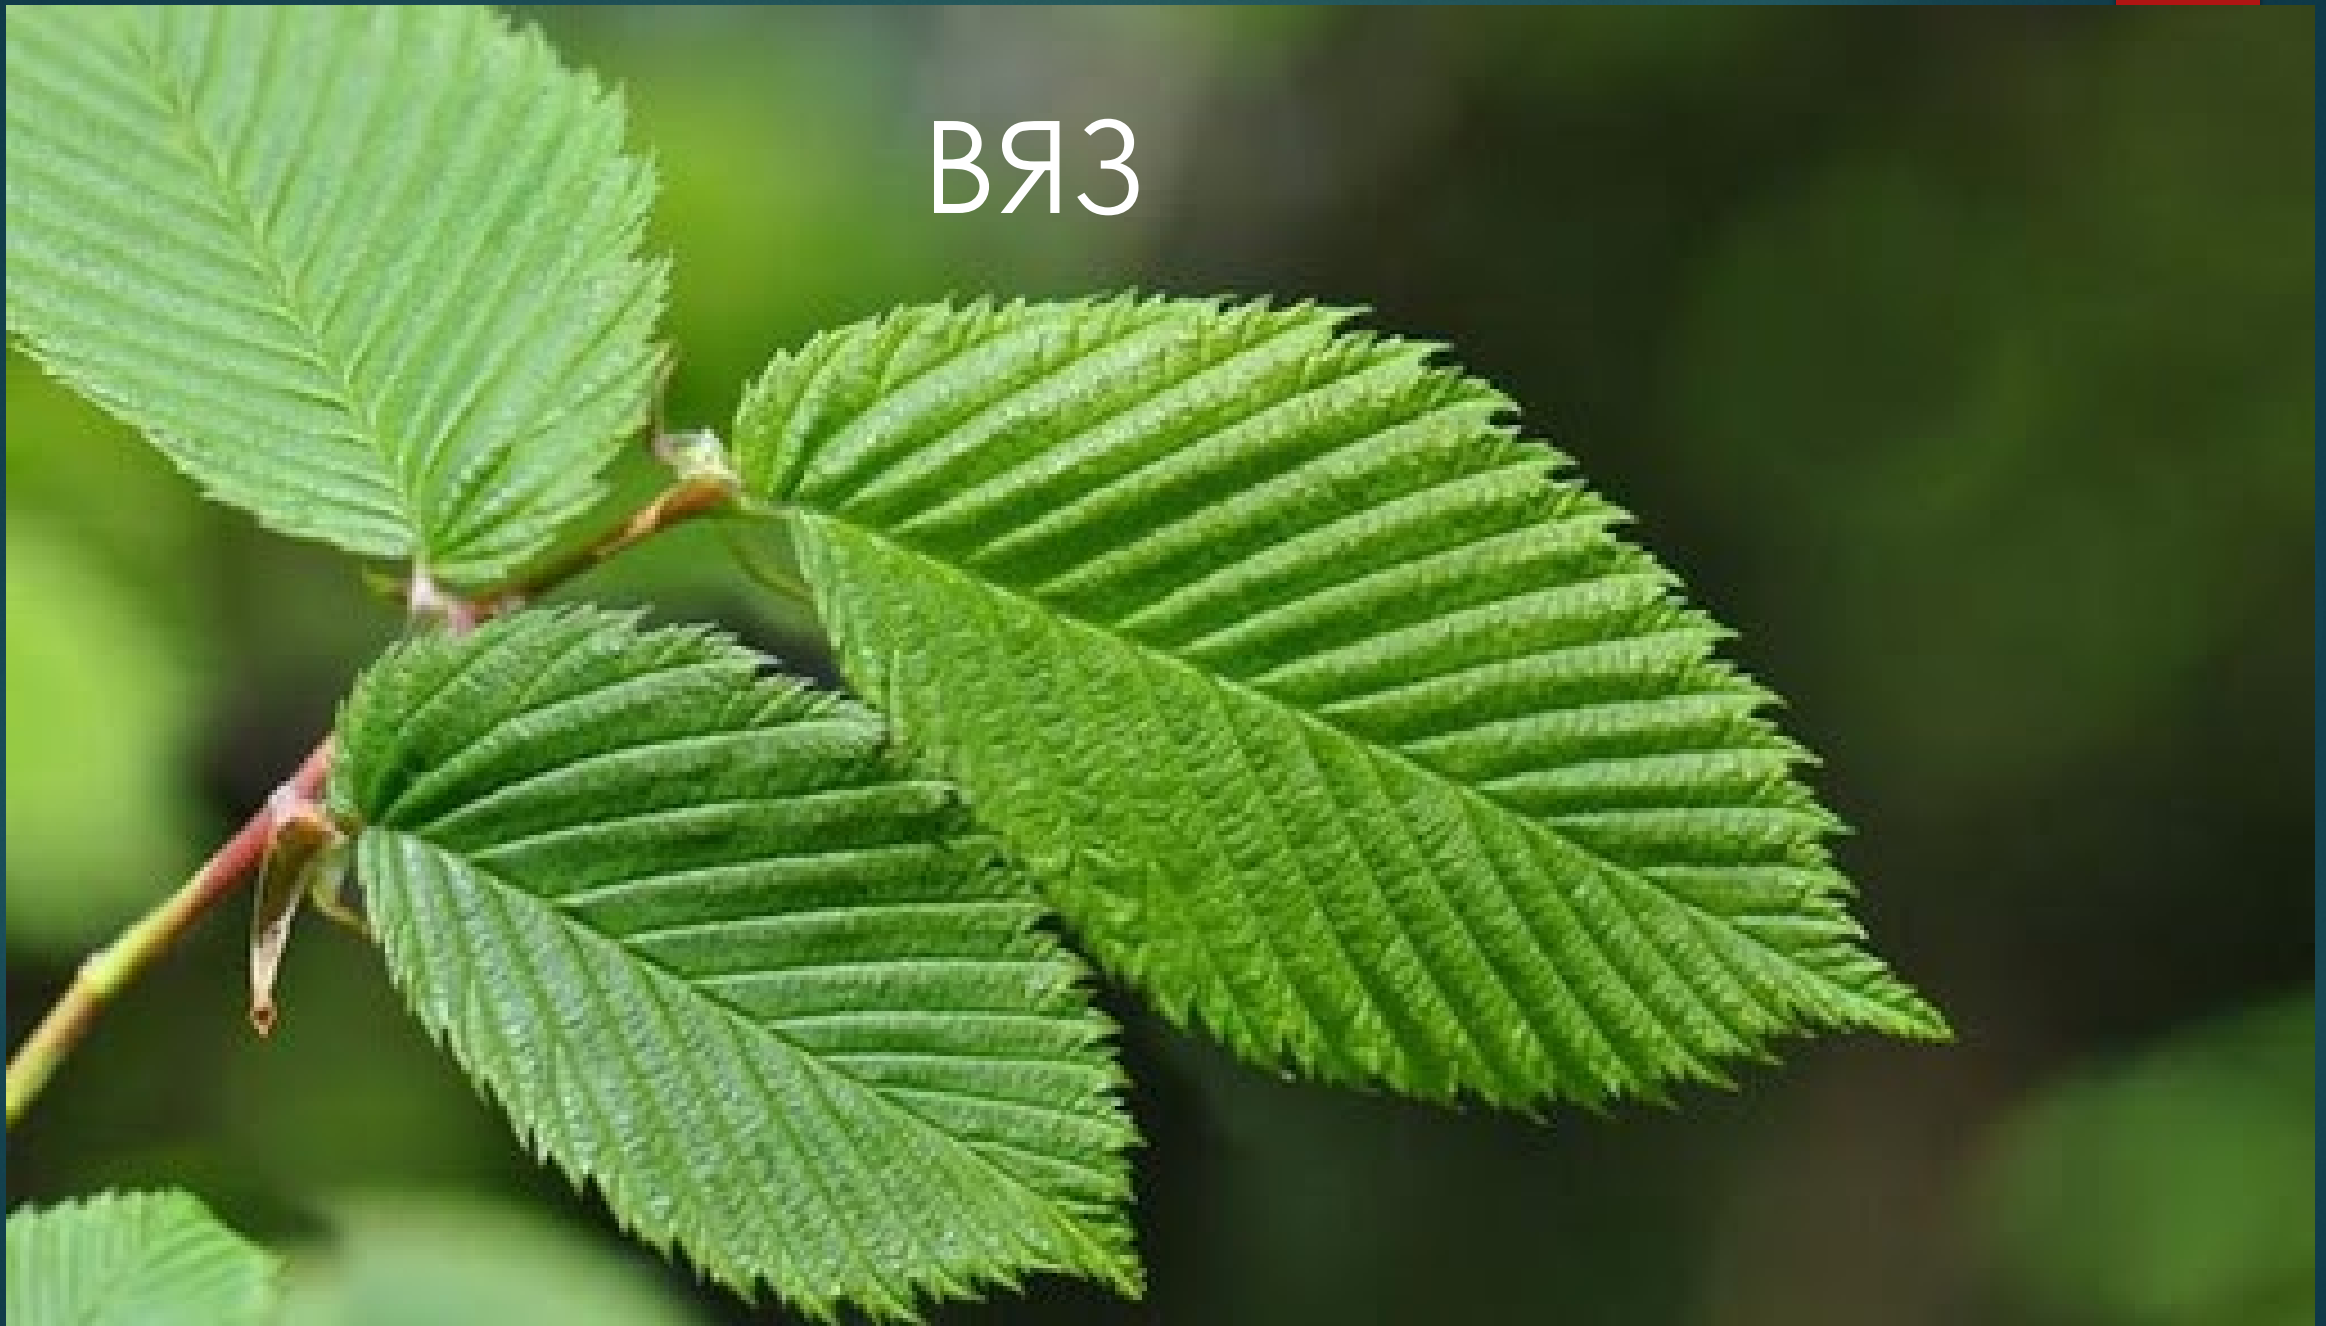

A close-up photograph of alder (Olea) leaves and catkins. The leaves are bright green, ovate, and have a serrated margin. The catkins are small, green, and clustered. The background is dark and out of focus.

ОЛЬХА

ΚΛΕΗ

ВЯЗ

A close-up photograph of a single, large, green leaf with a serrated (toothed) margin. The leaf is attached to a reddish-brown vine. The background is a dense cluster of similar green leaves, slightly out of focus. The lighting is bright, suggesting sunlight. The overall image is framed by a dark teal background on the left and bottom, and a red vertical bar on the right.
